

Course Title:

Emergency first aid at work

Duration:

1 day

Description:

This **Emergency First Aid at Work** qualification came into effect 1st October 2009. Where an employer's assessment for First Aid Needs identifies that a three-day FAW qualification is not necessary, employers are required to provide suitable emergency first training for staff within the workplace to render first aid in the event of an accident or illness. The 1 day course can be delivered to for up to 12 delegates.

Course contents:

The course covers those aspects of First Aid which are required in emergency situations, such as:

- Action in an Emergency
- Primary Assessment
- Secondary Assessment
- Breathing and Circulation
- Principles of Resuscitation
- Airway Obstruction
- Disorders of Circulation
- Bleeding.

Assessment and certification:

On-going assessment by the tutor will be carried out and successful students will receive a certificate valid for three years, which is Health and Safety Executive approved.
